

Firefighting TFRs

Learn to fly safely around fire fighting TFRs and fire fighting operational aircraft transitioning in and out of active firefighting areas.

H. "Bud" McConnaughey, Supervisory Aviation Operations Specialist of the Coeur d'Alene Interagency Wildland Fire Center/Air Tanker Base, will explain how you will be sharing the airspace with fire fighting and spotter aircraft during this upcoming fire season.

Directions: 3 miles north of Bonners Ferry to junction with Hwy 2, then east 1/2 mile to airport (Northern Air Inc. Conference Room).

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?
